

The Kansas Career Pipeline

“I am the Kansas Field Trainer for the Kansas Career Pipeline (KCP) www.careerpipeline.org. The KCP is an online career education and planning system that is FREE to all Kansas students and adults. It is paid for by the Kansas Department of Commerce with matching funds from business and industry.

The KCP utilizes the KuderR Career Planning System and Assessments. KuderR is the highest quality career assessment and education system that exists today. This excellent resource is available to every Kansas citizen.

I provide training regarding the effective use and benefits of this system at no cost. Please contact me if you would like more information or if you would like to schedule a meeting and/or training. I can be reached via e-mail: steinlaget@kuder.com, or telephone: 515.822.4573.”

Theresa Steinlage, GCDF
